Excellent strategic and highly creative thinking abilities. I am always motivated with copywriting and communication skills. Adept at applying the most current creative visual techniques to optimize product visibility and attention. Experienced and innovative e-commerce designer with a good record of internet revenue generation and customer service. I am able to work independently or as part of a marketing business team. I help the business get noticed and chosen by amplifying and celebrating what makes brands unique. An experienced collaborator, able to utilize a wide range of internal and external resources; copywriters, illustrators, external agents. Photo and image management.
